Any other questions? KYRGYZSTAN / BIKE & HIKEE-BIKEBIKE & SIGHTFAMILY TOURSENDUROMOUNTAINBIKESKI & SNOWBOARDING

"Should I take out insurance, and which one?"

For your trips, we definitely recommend taking out travel cancellation insurance and international travel health insurance (to cover treatment and rescue costs).

When it comes to travel insurance, we rely on our strong partner, HanseMerkur Insurance. Insurance offerings from HanseMerkur include:

One-time Insurance

HanseMerkur 5 Sterne Premium Schutz

HanseMerkur Reiserücktrittsversicherung

Annual Insurance

HanseMerkur Jahresschutz Platin

HanseMerkur Jahres Reise-Rücktrittsversicherung

HanseMerkur Jahresreisekrankenversicherung

Annual Insurance Annual insurance often pays off from the very first trip. Additionally, the 20% deductible for the travel cancellation insurance is waived.

Internet, calling and charging batteries!?

A digital detox with mountain views definitely has its charm! ✨ Still, here are some tips for electricity, internet, and phone use: SIM cards are available at the airport or in the city for €5–10. International roaming packages or providers for global eSIMs (e.g., www.airalo.com) are a good alternative. Need to charge your devices? Fixed accommodations have standard Type C outlets. In yurts or when camping, it gets tricky—so don't forget a power bank. Network coverage in the mountains is usually nonexistent, but in cities and most villages you get good access to the internet.

Is there a packing list? What should I bring?

With every booking, we also send a packing list so you don't forget anything. In general, we will be traveling in extreme climate zones. In the capital, we are at under 1,000 meters, during the mountain passes at 3,000m, and sometimes even over 4,000m depending on the trip. So, you need to be prepared for hot, cold, and occasionally wet weather in the high mountains. You should choose your clothing so that you can adjust to the conditions using the "onion principle" (layering).

For all trips with camping nights, you need to bring your own sleeping bag. We'll take care of the rest of the camping equipment.
